Dear Prof. Alias,

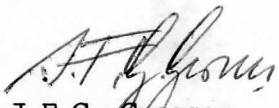

our Academy would like to express its warm thanks for your extremely valuable participation in the International Colloquium ENERGY SCIENCES on the occasion of congress and trade fair ENERGY '83 in Hamburg.

We would very much appreciate, if we could have this opportunity again in future, not only to keep in contact, but also to learn your proposals concerning further co-operation.

Your contribution to the Colloquium has been published in the Proceedings, 1st edition. Your lecture will be mentioned as well in the 2nd edition - a documentation which the Academy is preparing now.

Two copies of this documentation will be sent to you automatically after its publication.

Yours sincerely,

J.F.G. Grosser
Univ.-Prof. and Director
